Adding a New User

Follow the steps below to create and assign a new user within the dashboard:

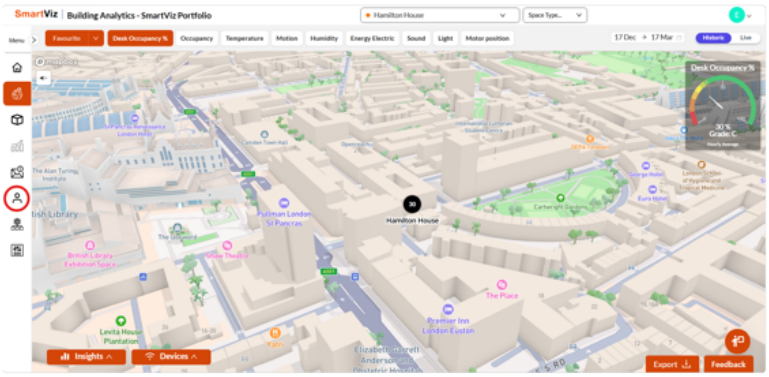

1. **Access the Dashboard**

- Open the dashboard of the portfolio to which you want to assign the new user.

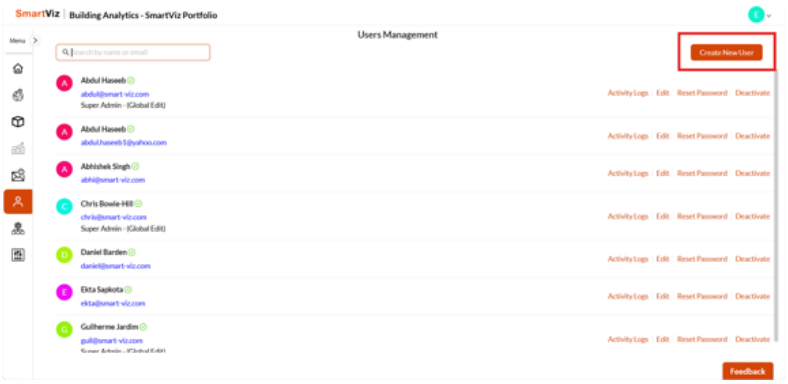

2. **Navigate to User Management**

- On the far-left side of the dashboard, locate the **User Management** button.
- Click on this button to access the user management section.

3. **Create a New User**

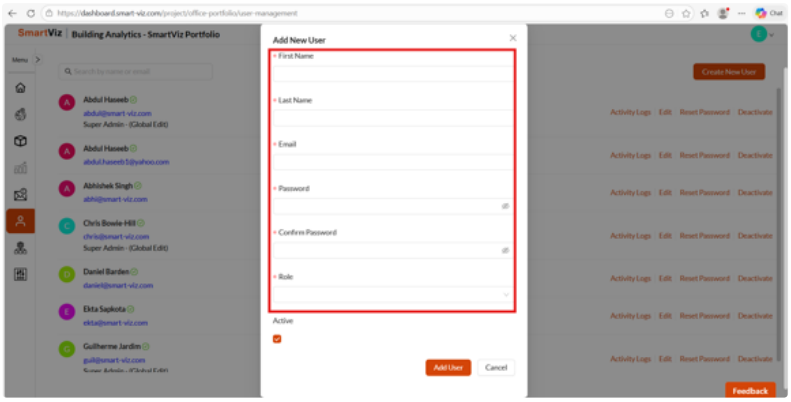

- In the user management section, find the **Create New User** option located at the top right corner of the screen.
- Click on **Create New User** to open the user creation form.

4. **Enter User Details**

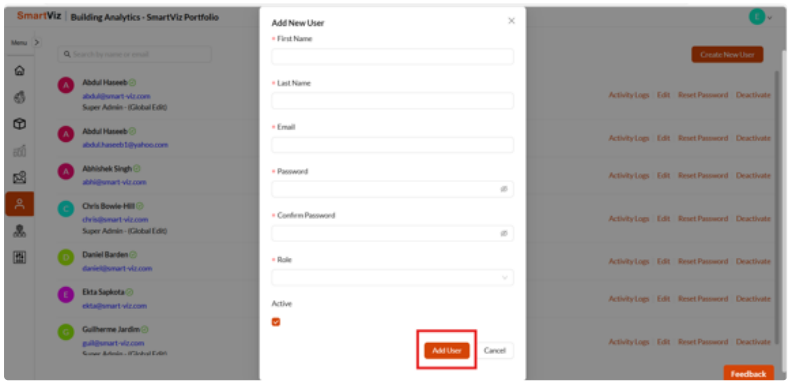

Fill in the required information in the form:

- **First Name**
- **Last Name**
- **Email Address**
- **Password** (create a new password)
- **Confirm Password**
- **Role** (select the appropriate role based on access level)
- **Active** (tick the checkbox to activate the user)

5. **Save the User**

- After entering all the necessary details, click on the **Add User** button.

6. **Confirmation**

- Once submitted, the new user will be successfully created and visible on the platform.
